- Primary text: the ad's hook, then its supporting copy, then the shared lines (tech law definition, the three evenings, dates, Rs 10 incl. GST, refundable, live only). 548 characters at most.
- Description: "3 live evenings, 24 to 26 Oct. Refundable." Call to action: **Sign up**.
- Every URL carries UTM tags (`utm_source=meta&utm_medium=paid_social&utm_campaign=tl_c1_proven_readers&utm_content=tlc1-<nn>_<name>`).
- Turn off Meta's automatic creative enhancements (text improvements, image touch-ups, music). They can rewrite the copy and re-crop the face.

4. How to judge on Monday 19 Oct (after Sat and Sun full days)

House rule is 7 days and 20+ results; the camp is 5 days away, so this is a stated exception. Use GrowthX paid seats, not Meta pixel counts, and gross Meta spend up by 1.18 for GST.

Signal by Monday morning	Action
0 paid after Rs 1,500 spend	Pause the ad
20+ paid and above 1.5x the camp's Meta cost (about Rs 357 incl. GST)	Pause the ad
10+ paid and under the camp's Meta cost (about Rs 238 incl. GST)	Raise its ad set budget by 30%
An ad set with 2+ paused ads	Move its budget to the cheapest C1 ad set
Nothing new after Tue 20 Oct	No new ads in the last 4 days (they ran 1.12x)

CTR never defends an ad. Never judge on a part day or on fewer than 20 results.

5. Before you press Publish (blockers)

1. **Funnels.** Create 10 GrowthX funnels with the slugs `tlc1-01` to `tlc1-10`, upload the matching landing page, set the group to Tech Law and the lead type to `tech-law-oct`.
2. **Test buy.** Open every URL in a real browser and complete a Rs 10 purchase. curl gives false 404s.
3. **Pixel.** Confirm the GrowthX pixel fires Purchase on each funnel's thank-you step.
4. **Exclusion audience.** Build "Tech Law camp purchasers, 30 days" before launch.
5. **Proof consent.** The pages name two learners each by role and employer. Get written consent or remove that section.
6. **Claims check.** "Employment contracts, workplace compliance" (01), "fintech regulations" and "risk management" (02) and "creator economy" roles (03) need checking against the camp script.

6. Calls only Ramanuj can make

1. **Readers.** Ads 01 to 04 and 08 speak to LLB holders working outside law. His 24 Sep verdict: "non-lawyer ICPs do not work for tech law." Run them, or keep only the career-break lawyers?
2. **Budget.** Option A (Rs 5,000 a day) or Option B (Rs 10,000 a day) for C1.
3. **Dark faces.** 02 (navy) and 10 (dark wood) break the light-background rule.
4. **End time.** Stop on Fri 23 Oct night, or run until Sat 24 Oct afternoon.
